## ➤ Current Status:

- LInX Carolinas users now have access to law enforcement records from 1977 agencies system wide including 13 LInX Regions, the FED Region, DDEX and N-DEX
- From May 2008 to-date, the total cost to NC taxpayers for LInX Carolinas, has been **\$401,474**
- During that time, **100%** of the LInX Carolinas annual operating and maintenance costs have been paid by the Naval Criminal Investigative Service (NCIS). That is **10 years with no recurring cost to NC or any member agency**
- NC member agencies have reported hundreds of success stories using LInX to resolve their criminal cases. We estimate that the reported success stories represents only about 10 – 15% of the cases resolved using LInX

# CRISS COPS Grant Modification

- We have completed work on the CMPD COPS grant modification that made a substantial amount of money available to expand LInX participation mostly in the western part of the state
- The funds provide mapping for approximately 62 agencies, 57 agencies participated. Now that this phase of expansion is complete LInX covers approximately 87% of NC's population (9,089,247) and 83% of our sworn officers (22,759). **This project is now complete**
